Abiodun Modupe, Ph.D.

Computer Science • Artificial Intelligence • Cybersecurity • Natural Language Processing
Richmond, TX 77406 • +1-832-774-3303 • abiodunmodupe@gmail.com
dupsys.github.io • github.com/dupsys • linkedin.com/in/abiodunmodupe • ORCID 0000-0002-9732-6466

U.S. Permanent Resident — authorized to work in the United States without employer sponsorship

Research Interests

Trustworthy and responsible artificial intelligence; multilingual and low-resource natural language processing; AI for cybersecurity and digital forensics; misinformation detection; explainability and evaluation of AI systems; and the security and reliability of agentic AI systems.

Teaching Areas

Artificial intelligence, machine learning, deep learning, natural language processing, data mining, computer security, operating systems, software engineering, programming, and capstone/project-based courses. Experience includes face-to-face, distance, hybrid, and fully online teaching.

Education

Ph.D., Computer Science **2024**
University of the Witwatersrand, South Africa
- Thesis: "Regularized Deep Neural Network for Post-Authorship Attribution." Supervisors: Prof. Turgay Celik and Prof. Vukosi Marivate.

Master of IT (Computer Science) **2011**
Tshwane University of Technology, South Africa
- Dissertation: "Intelligent Identification of Advanced Fee Fraud Activities on the Internet." Supervisors: Prof. O. O. Olugbara and Prof. S. O. Ojo.

B.Sc. (Hons), Computer Science **1997**
Obafemi Awolowo University, Nigeria

Academic Appointments

Lecturer & MIT Big Data Science Program Coordinator **2019–present**
Department of Computer Science, University of Pretoria
- Teaching remotely from the United States since 2026 while continuing program coordination and student advising.

Research Fellow **2021–present**
Data Science for Social Impact (DSFSI), University of Pretoria

Visiting Researcher **2018–2019**
Council for Scientific and Industrial Research (CSIR), Pretoria

Teaching Assistant **2017–2018**
University of the Witwatersrand

Independent Contractor / Distance-Learning Teaching Assistant **2013–2017**
University of South Africa

Lecturer (Contract) **2011–2017**
Tshwane University of Technology

Graduate Research/Teaching Assistant **2009–2011**
Tshwane University of Technology

Fellowships and Research Affiliations

Responsible AI Fellow **2024–present**
Stimson Center

AfriDSAI Fellow **2025–present**
University of Pretoria

Teaching and Program Leadership

University of Pretoria – Lecturer (Honours and Master's)

- COS760 Natural Language Processing (Honours), since 2025; co-taught.
- COS781 Data Mining (Honours), since 2024.
- COS801 Deep Learning (postgraduate elective; in-person and online), since 2022.
- MIT801 Introduction to Machine and Statistical Learning (co-taught; hybrid in 2026), since 2020.
- MIT808 Data Science Capstone Project (co-taught), since 2020; partner-led projects, peer assessment, poster exhibition, and technical reporting.
- MIT807 Mini-Dissertation in Big Data Science (90 credits), module coordinator, since 2020.

Earlier Teaching

- **Tshwane University of Technology:** ISC216D Information Security; ORS216D Operating Systems; RRS108G Research Project (Lecturer, 2011–2017).
- **Tshwane University of Technology:** DCT115D Discrete Structures; PPB115D Principles of Programming; AOP216D Advanced Object-Oriented Programming (Teaching Assistant, 2009–2011).
- **University of the Witwatersrand:** COMS7047A Adaptive Computation and Machine Learning (Teaching Assistant, 2018).
- **University of South Africa:** COS2621 Computer Organization, distance learning (Teaching Assistant/e-tutor, 2013–2017).
- **Deep Learning Indaba:** Tutor, 2017–2019 and 2023.

Program Coordination and Curriculum Leadership

- Coordinate the part-time MIT Big Data Science program, including admissions, orientation, academic progression, timetabling, capstone and mini-dissertation processes, and cross-departmental supervision.
- Advise annual cohorts of approximately 45–50 students and coordinate research milestones and examination processes for MIT807 mini-dissertations.

Student Supervision and Advising

- Completed supervision: 10 MIT Big Data Science mini-dissertations, 4 M.Sc. (Computer Science) dissertations, and 1 Ph.D. student.
- Current doctoral supervision and co-supervision spans Computer Science and Informatics at the University of Pretoria and North-West University.
- Several peer-reviewed publications listed below are first-authored by students I supervised or co-supervised.

Research Funding and Support

AI4D African Languages Lab – IDRC/FCDO **2024–present**
Principal Investigator (with Vukosi Marivate); CAD 1,070,500
- African-language NLP data and evaluation, capacity building, and work on equitable access, licensing, and policy.

AfriGemma – Google Research Fund **2025**
Co-PI; USD 200,000
- Adapting open Gemma models to African languages; open data, model, and tooling outputs.

Transaction Capital – Vehicle Inspection **2022–2024**
Research project with M.Sc. sponsorship; USD 60,000

Google AI Research – Cross-Lingual Modelling **2022–2023**
Research support with M.Sc. sponsorship; USD 25,000

Google exploreCSR Program **2023**
USD 18,000

Google Cloud Research Credits **2022**
USD 10,000

Mozilla Open-Source Support Award **2021**
Co-PI share USD 3,000 of USD 10,000

AWS Research Credits **2018**
USD 5,000

Awards and Honors

- Google Research Travel Grant, IEEE SMC 2023 – USD 3,000 (2023).
- IEEE SMC Conference Travel Grant – USD 500 (2023).
- SIT Research Grant Award, shared third place, University of Pretoria – ZAR 45,000 (2023).
- DSI–CSIR Inter-Bursary Support Programme – ZAR 360,000 (2018–2023).
- CSIR/DSI Inter-Bursary Support Programme – ZAR 96,000 (2009–2011).
- Black in AI Travel Grants, Black in AI Workshop at NeurIPS (2017–2019).
- Best Student Paper Award, International Conference of Information Security and Internet Engineering (ICSIE), World Congress on Engineering, London (2013).

Invited Talks and Presentations

- "All You Need Is Community," AI in Research Symposium, MIDAS, University of Michigan, Ann Arbor, MI, March 2025.
- "Foundations, Theory and Practice of E-Voting," Electoral Commission of South Africa, Cape Town, March 2025.
- AfriDSAI Teaching and Research Workshop on Data Science and AI, University of Pretoria, May 2025.
- "Responsible AI and Capacity Building," AI4D Partners Convening, University of Pretoria, October 2024.
- Session Moderator, Global Humanities Institute 2024: Design Justice AI (CHCI), University of Pretoria, June–July 2024.
- Conference presentations: IEEE SMC, Honolulu (2023); IEEE ICTAS, Durban (2017); WCE, London (2013).

Academic and Professional Service

University Service – University of Pretoria

- EBIT Faculty Postgraduate Committee (2023–2025).
- MIT Big Data Science Selection Committee (2022–2025).
- Computer Science Research Lab Technical Committee (2024–2025).
- DSFSI Research Lab Committee (2020–2025).
- External examiner for postgraduate dissertations, including at the University of the Witwatersrand, University of Limpopo, and University of Cape Town.

Professional Service

- Program Committee: IEEE BigData (2026); SACAIR (2023–present); SAICSIT (2022, 2024–present).
- Reviewer: ICLR (2024); ACM CIKM (2024); LoResLM (2025); International Journal of Intelligent Systems (2026); Discover Artificial Intelligence (2024); Deep Learning Indaba Publication Committee (2023).
- Mentor, Black in AI Emerging Leaders in AI (2025); member of the Masakhane NLP community.
- Professional memberships: IEEE, ACM, and ACL.

Industry Experience

Dupson LLC (AI consultancy) **2026–present**
Richmond, TX

Systems Engineer **2004–2008**
First City Monument Bank (FCMB), Lagos, Nigeria

Software Developer **1999–2004**
Alpha-Beta Consulting, Lagos, Nigeria
